**396-7010Y1 Sentinel 1.6.0 & Newer Harness Notification**

When installing this harness you must have Sentinel software version 1.6.0 or newer installed for it to work correctly. To check your software version

**Press**

This will take you to the screen that shows Sentinel ECU Version. Highlighted in below image in Red

**Note:** If you don't have Software version 1.6.0 or newer you must update your Sentinel ECU. Contact your local dealer for support.
