200/250 Gal Cutaway Tank

Sight Tube Kit Instructions

Kit Number: 520-00-400750

Kit Description: Tank Level Sight Kit for 200/250 Cutaway Tanks

ITEM NO.	PART NUMBER	DESCRIPTION	QTY.
1	101-075075-90	3/4" MPT x 3/4" HB - 90 Degree	2
2	108-TF075	3/4" Tank Bung	2
3	283-075-15007008	Bulk 3/4" EVA Clear Tube	50
4	350-1208	SS Hose Clamp - Size 12 - 1-1/4" Diameter (fits 3/4" AG200)	2

1. Use a hole saw to drill a hole in the tank towards the top and bottom for bung installation in the desired location.

NOTE: A 3/4" bung requires a 1-3/4" hole saw.

2. Tighten the reverse threads on the tank bung with the nut on the inside as shown.
3. Use pipe thread sealant and thread the 3/4" MPT x 3/4" Hose Barb - 90 Degree fitting into the tank bung.
4. Push the 3/4" hose onto the hose barb and tighten with hose clamps.

NOTE: Vacuum the tank after installation to remove plastic debris inside tank.
